Re: FOIA # 2013-441

Dear Mr. Smathers:

This is in response to your letter dated and received by the Board's Freedom of Information Office on September 17, 2013. Pursuant to the Freedom of Information Act ("FOIA"), 5 U.S.C. § 552, you request:

All records mentioning a real, proposed, hypothetical, or theoretical unit of currency greater than one million dollars such as the "trillion dollar coin" which has been discussed.

In response to a request under the FOIA, the Board must search "files containing Board records as seem reasonably likely in the particular circumstances to contain information of the kind requested." 12 C.F.R. § 261.2(n). It is not reasonably likely that the Board has records regarding the subject matter of your request. The Board received prior requests for similar information and our searches uncovered no responsive documents. We have no reason to believe that additional searches would result in a different outcome. Accordingly, your request will not be processed further and will be closed administratively.

If you believe that the Board had reason to obtain and in fact obtained information regarding the subject matter of your request, you may file a new request showing that, under the circumstances you describe, the Board is reasonably likely to possess the information you seek.

Very truly yours,

A handwritten signature in dark ink, appearing to read "Margaret McCloskey Shanks", is written above the typed name.

Margaret McCloskey Shanks
Deputy Secretary to the Board
